## REPORT OF THE LEGISLATIVE LIBRARY ACT

Honourable Donald W. Craik,  
Minister i/c of  
The Legislative Library Act

Sir,

I have the honour to present the report of the Legislative Library for the calendar year 1968. This report comprises the Legislative Library and the Archives and Public Records Branch. The library serving the Department of Health and Social Services is also under the direction of the Legislative Librarian, and funds are included in the Legislative Library estimates for this purpose. Another division of the library, although the authority is under the Public Libraries Act, reports on the public libraries of Manitoba. The report of the Director of Public Library Services is therefore a separate report, but appended to the Legislative Library report.

As this is the first annual report presented to you, we welcome you as our Minister. The Honourable Stewart E. McLean, Q.C., was our Minister during the past ten years, and we wish him well as Minister of Transportation.

Respectfully submitted,

*Margaret Morley*

Legislative Librarian.

## PART I -- LEGISLATIVE LIBRARY

### ACQUISITIONS

Although Canada's Centennial is one year old, local histories of Manitoba undertaken as Centennial projects are still being received. We feel that this trend will continue until after 1970 -- Manitoba's Centennial.

The importance of these local histories cannot be over-emphasized. They, along with the local newspapers and early periodicals published in Manitoba, are the sources of information for the economic, social and political growth of our cities, towns, villages, and rural municipalities.

#### Local Histories (1968)

- Alexander. History of St. Paul's Anglican Church, Alexander, Manitoba, 1900-1965. Alexander, the Church, 1965.
- Austin. A rear view mirror; a history of the Austin and surrounding districts, by Anne M. Collier. Austin, the author, 1967.
- Bethel. (see under Deleau-Bethel)
- Birtle. Birtle's beginning; reprint of articles by E. J. Wilson from the "Birtle Eye-Witness". Birtle, Birtle Eye-Witness, 1967.
- Brookdale. Brookdale community, 1878-1967, by C. Simpson revised and brought up to date by the Brookdale Centennial Committee. Brookdale, the Committee, 1967.
- Clandeboye. The lovely woods of Clandeboye, by the Community Club of Clandeboye. Clandeboye, Community Club, 1967.
- Deleau-Bethel. History of Deleau-Bethel district, centennial year 1967, by Irene Robson. The author, 1967.
- Domain. Down Memory Lane; a history of the Domain community, 1876-1967, compiled by the Domain Women's Institute. Domain, the Institute, 1967.
- Eriksdale. Pioneer tales of Interlake, by Eriksdale Senior Citizens' Group. Eriksdale, the Group, 1967.
- Griswold. Bridging the years; the Griswold centennial booklet compiled by the Griswold United Church Women. Griswold, United Church Women, 1967.
- Kelwood. Kelwood bridges the years, 1890-1967, by the Kelwood Centennial Committee. Kelwood, the Committee, 1967.

- La Broquerie. Paroisse St. Joachim, La Broquerie, by Marie Louise Boily. La Broquerie, n.p., 1967.
- Lansdowne. The Lansdowne story; "grain, gravel, growth". Arden, Lansdowne Centennial Committee, 1967.
- MacGregor. Trails old and new; dedicated to the memory of the pioneers of MacGregor and district, edited by Rupert Leslie Taylor. MacGregor, MacGregor and District History Committee, 1967.
- Neepawa. History of the First Baptist Church, Neepawa, 1888-1967. Neepawa, the Church, 1967.
- Saint Joseph. Histoire de la paroisse Saint-Joseph, Saint Joseph, Manitoba. St. Joseph, Comité Historique de Saint-Joseph, 1964.
- Thompson. The hills of home; a history of the Municipality of Thompson. Miami, the Thompson Rural Municipality History Committee, 1967.
- Wattsvew. Wandering in Wattsvew; Wattsvew history, 1879-1967. Wattsvew, Centennial Club Committee, 1967.
- Woodsworth. Proudly we speak; a history of the Rural Municipality of Woodsworth. Kenton, Man., Woodsworth Centennial Committee, 1967.

Some noteworthy books on Manitoba received during 1968 are as follows:

Bailey, R.D.: An historical study of public education in West Kildonan; master's thesis for the Faculty of Education, University of Manitoba. 1966.

Bowsfield, Hartwell, J.L. (ed.): The James Wickes - Taylor correspondence, 1859-1870. Winnipeg, Manitoba Record Society, v.4, 1968. Mr. Bowsfield was the former Provincial Archivist.

\_\_\_\_\_ Selkirk. Toronto, Clark Irwin, 1968. (Jack Daw #C-10)

Clark, Lovell (ed.): Manitoba School question. Professor Lovell is with the Department of Political Science, University of Manitoba.

 of Manitoba. Now at York University.

Yusyk, Paul: Les Canadiens-Ukrainians: place et leur rôle  
 dans la vie Canadienne. Traduit d'anglais par Bernard  
 Nicolau. [Winnipeg, l'Association ukrainienne des  
 lecteurs (Prosvita) 1967]. Senator representing Manitoba,  
 and formerly professor at the University of Manitoba.

### CATALOGUING AND CLASSIFICATION

850 books and documents were catalogued and classified. The government documents of special interest are catalogued. We depend on the U.S., British, and United Nations indexes and document catalogues as finding aids. This is possible because of our full depositary status in this field. These documents arrived at the rate of approximately 2,300 per month. 26,412 reports from governments and agencies were received on free reciprocal exchange. 3,733 author, subject and title cards were added to the catalogue. The total number of classified works is 75,740, and 727,376 documents and pamphlets, excluding periodicals and newspapers.

A card for each new item is forwarded to the National Library of Canada for its union catalogue.

A union catalogue of the holdings of the Provincial Library and the Libraries of the Department of Health and Social Services, Manitoba Institute of Technology and the Department of Agriculture is maintained in the Provincial Library.

#### REFERENCE AND GOVERNMENT DOCUMENTS

There were 8,941 research inquiries, 6,123 personal and 2,818 telephone. No count is kept of inquiry by correspondence, but reference by this means has increased greatly.

This year saw increased use made of the early Debates of the House of Commons of Canada and Great Britain; Royal Commissions on Prices and Price Indexes; immigration pamphlets. These subjects, together with the usual questions for material on topics of current interest and others, such as all phases of education, past, present, and future trends, medicare, bilingualism and biculturalism, Manitoba school question, rural and urban development, and the promotion of industry, and all aspects of taxation give some idea of the scope of inquiries posed to our reference staff.

Interlibrary loan requests from other libraries increased during the past year from 162 to 218; 89 were borrowed by this library.

Our library staff distributes the annual reports of Manitoba government departments to 76 libraries in Canada, the Commonwealth, and the United States on a reciprocal exchange basis. Special committee reports and reports of Royal Commissions are distributed as well, if sufficient copies are provided. The statutes, journals and gazette are forwarded by the Queen's Printer to libraries from a recommended list of libraries submitted by the Provincial Librarian. In Manitoba there are 5 full and 33 partial depositories for the province's government documents.

The Government Reference Committee of the Canadian Library Association has recommended that a government document depository be set up within each province whereby all persons or institutions wishing to obtain current or back copies would have easy access to such material. This committee is composed of librarians from Legislative Libraries, the National Library, and the Library of Parliament.

## STAFF

Miss Ellen Naumko, employed for the past six years, received leave of absence to attend the School of Library Science, University of Toronto. She will return to the library May 31st, 1969.

Miss Christine Verniest, Library Technician graduate from the Manitoba Institute of Technology, replaces Mrs. Grace Thomson, who resigned. Mrs. Thomson was also a graduate of M.I.T.

Six students of the M.I.T. course did practice work in our library. Each student is required to spend two weeks of the term working in a library.

## HISTORICAL SOCIETIES

As a result of the reorganization of government departments the grants given to the Manitoba Historical Society and the St. Boniface Historical Society are now under the jurisdiction of the Department of Tourism and Recreation.

## PART II — PUBLIC RECORDS & ARCHIVES

For the Provincial Archives one of the most notable events of the year 1968 was the move into new accommodations, Room 247 of the Legislative Building. Since 1952, when the first full time archivist was employed, the Archives had been located in part of Room 255 of the Legislative Library.

The Manitoba Historical Society had shared this office space with the Provincial Archives since 1955. However during the month of May the Society moved out of the Legislative Building and into the Manitoba Museum of Man and Nature. While the Archives and the Society no longer work in immediate proximity the Archives continues to answer all the Society's research correspondence. It is hoped that the close cooperation which has long continued between the Archives and the Society will be maintained undiminished despite the physical distance between the two offices.

In future years much more frequent use of the Archives can probably be expected to be made by school students as well as university researchers. Already increasing numbers of school students are being encouraged, if not required, to undertake research assignments, and to work with original source materials, particularly documents. The Archives staff has noted a considerable increase in the number of academic researchers during the past year; 244 visits were made by professors or university students. Much of this increase may be attributed to the establishment and expansion of the University of Winnipeg (formerly United College) in downtown Winnipeg, close to the Legislative Building.

In 1968 we have begun work on a project which we hope will do something to satisfy the growing demand for pictures of Manitoba in former days. By 1970 we hope to be able to publish a brief picture history of the Province which the general public will be able to purchase at a reasonable price.

The Architectural Survey of Manitoba, which is doing much to enhance the value of our photograph collection, again operated out of the Provincial Archives during the summer of 1968. This project, sponsored by the Manitoba Association of Architects, the Faculty of Architecture of the University of Manitoba, the Historic Sites Advisory Board, and the Manitoba Historical

Society, employed two architectural students who surveyed the south-eastern region of the province and despite adverse weather conditions completed the task assigned to them. Approximately 2200 photographs will be accessioned as a result of the 1968 survey; 1100 colour slides and 1100 black and white prints with an equal number of negatives. Only metropolitan Winnipeg now remains to be examined before the survey can present a complete photographic account of architecture in the Province of Manitoba.

Other activities worthy of note included the attendance of Miss E.A. Blight, assistant archivist, at the Conference of Canadian Map Librarians held at Edmonton, Alberta, in May. Miss Blight is primarily responsible for the reorganization of the Archives map collection, which is currently in progress.

In June the Provincial Archivist attended the Annual Meeting of the Canadian Historical Association held at Calgary and was elected at that time vice-chairman of the Archives Section of the Society. He spent July in Ottawa attending the course in Archival Administration given every four years under the joint sponsorship of the Canadian Historical Association and Carleton University. In October he attended the annual meetings of the Society of American Archivists held at Ottawa; one of the rare occasions on which the Society has met outside the United States.

Microfilming of the unprinted Sessional Papers of the Legislative Assembly was commenced, thanks to the generous permission of the Speaker, the Hon. James H. Bilton.

During the year 9387 catalogue cards were added to the index to our manuscript collections, which now contains a total of 75,003 card entries. Also 1239 cross reference cards were added to the picture collection index, making a grand total of 27,451 cross reference entries.

#### DOCUMENTS COMMITTEE

Under the terms of the amendment to the Legislative Library Act (Statutes of Manitoba 1967, Chapter 31) the Provincial Archivist is chairman of the Documents Committee, which met six times during 1968 to consider records disposal schedules proposed by the Manitoba Hospital Commission, the Department of Mines and Natural Resources, the Department of Public Works, the Department of Education and the Department of the Attorney General.

The reorganization of the provincial government announced in September 1968 has somewhat confused the applicability of many departmental records retention and disposal schedules. During the forthcoming year the Documents Committee must attempt to reappraise the records schedules of each of the reorganized departments and agencies of the Government of Manitoba. It should also encourage the implementation of up-to-date records management practices and attempt to ensure that records worthy of permanent retention be deposited in the Provincial Archives. At present too many departmental records of historic importance remain in departmental storage rooms. Some of them, in fact, have remained in storage since 1870. They are of no practical use to the departments holding them and are almost completely inaccessible to researchers to whom they may be of the greatest value, researchers who are geographers, economists, town planners, anthropologists, sociologists, lawyers and journalists, as well as historians. Reports of each meeting of the Documents Committee and the records schedules approved at them have been submitted to the responsible Minister for approval.

#### ACQUISITIONS

A number of highly significant manuscripts have been acquired during 1968. On April 23rd the Winnipeg Chamber of Commerce presented to the Archives minute books, committee reports and a variety of miscellaneous documents of the old Board of Trade, extending from 1879 to 1946. While these provide an invaluable record of the commercial development of the Canadian West and the City of Winnipeg, they also, surprisingly, document the origins of such institutions as the Winnipeg Art Gallery and the Manitoba Museum. Already they are one of our most used and most variously informative collections.

The Manitoba Women's Christian Temperance Union deposited their surviving minute books, account books and publications in the Archives during the month of May. These shed a new and important light on the political and social history of Manitoba and are already being researched for a thesis by a post graduate university student.

Mr. A.R. Micay, the Manitoba member of the Centennial Commission, presented his extensive files of correspondence concerning the 1967 Centennial of Confederation.

The Hon. Duff Roblin has agreed to present his political papers, 1954-1967, to the Archives. He is the first premier of Manitoba ever to do so at the conclusion of his ministry, and the papers, which will remain under restricted access until 2000 A.D., will comprise the largest political collection ever deposited in the Manitoba Archives.

One more accession should be mentioned. At noon on December 31st the Hon. Gurney Evans, Minister of Finance, paid a surprise visit to the Archives to present additional files to the papers of his father, the Hon. W. Sandford Evans, already deposited here. This acquisition ended the year 1968 on a very encouraging note which we hope is also a happy augury for 1969.

#### PICTURE COLLECTION

From Mrs. George Coutts, widow of one of the principal engineers responsible for the construction of the Port of Churchill, we have purchased three reels of unique moving film made during the years 1931-32-33. They illustrate the erection of grain elevators, railway operations in winter, the arrival and departure of the first commercial vessels to visit the port and such an unusual event as that of the flight of Charles and Ann Lindberg.

1669 still photographs and 466 negatives were accessioned during the year bringing the picture collection to an aggregate of 40,020 items. This figure does not include the 2200 architectural survey photographs mentioned previously.

## HEALTH AND SOCIAL SERVICES LIBRARY

The amalgamation of the Department of Health and the Department of Welfare into the Department of Health and Social Services has had little effect on the work of the library, as we have consistently served both departments. The transfer of the Corrections Service from the Department of Attorney General to the department has not been felt to date and we anticipate no major changes in library policy with regard to the collection of material in this field. Many of the staff of this office are regular library users and we have always been interested in the literature of juvenile delinquency, crime and rehabilitation,

Book and journal orders for the division offices remain constant with an increase in orders from the newly created Social Services Division. The establishment of the Bureau of Research and Planning and the move of several offices to Fort Osborne Barracks have caused the increase.

The change in the administration of the departments brought several hundred publications from the offices of the Ministers and Deputy Ministers. Many valuable reports and books were thereby made available. A gift of thirty newly published school health textbooks was made to the library by Mr. Brian Burnett, Health Educator of the St. Boniface Health Unit. A complete set of the Journal of the Canadian Dental Association was received through the efforts of the Director of Dental Services and his staff. The library received many new government publications, books and pamphlets through the generosity and interest of the Minister and Deputy Minister of Health, the Assistant Deputy Minister (Public Health) and the Director of the Health Education Services.

1968 has been a busy year for the library with regard to book circulation services. The main reason for this has been the influx of University of Winnipeg students. These students are taking courses in sociology and criminology with new emphasis on social problems as they exist in the province and in Canada. The Manitoba collection and the newspaper scrapbooks have been particularly valuable sources of information. The proximity of the library and the unavailability of such information, especially the local aspect, have caused a great demand on our resources. A total of eighty students are registered. In addition, the library is and has always been used by social work and nursing students from the University of Manitoba and local hospitals.

Topics which were in most demand this year were the following: poverty, desertion, child abuse, illegitimacy, drug addiction, medical care, services to the aged, home care services, supervision and consultation in social work and the problems of pollution.

Services to staff includes library orientation of new staff members, specific literature searches, provision of information for

speeches and conferences, preparation of reading lists and the purchase of material upon recommendation. Books and journals were provided for the annual Health Education Summer Workshop for Teachers and the biennial Prenatal Institute for Nurses. Material was also provided for several in-service staff conferences for the rural health units and regional offices.

Service is also provided to various organizations and individuals outside the government. Material was loaned to an in-service workshop held by the Manitoba Teachers' Society on family living and sex education. A new bibliography on the subject was prepared and distributed to the teachers attending. The editor of the monthly newsletter of the Manitoba Association of Practical Nurses selected items from our quarterly accession lists and published these in the newsletter.

Four additions to the collection were published and distributed to departmental staff and several interested individuals in various agencies and hospitals. Two lists of material were added to the Duplicate Exchange list of the Provincial library and a second list of duplicate pamphlet materials was published and distributed to health units and regional offices.

The establishment of the Department of Labour, Labour Research Library and the appointment of a part-time librarian has made it possible for this library to de-emphasize the acquisition of literature in the labour-health field.

The library purchased a total of 2,791 books and pamphlets for the division offices and 215 for the library. Complimentary publications received for the library numbered 660. Of these items received, 544 books were catalogued. Journal subscriptions including some memberships increased to 695 over 592 for the previous year. In attempting to maintain an up-to-date collection a constant weeding program is carried on and this year 153 publications were withdrawn. The library acts as a central interlibrary loan source for many Norquay Building staff, and 195 items were loaned from other libraries and 26 to other libraries. Reference inquiries numbered 1,343 and 8,189 publications were circulated. During 1968, 3,733 readers visited the library and a total number of 15,405 books, pamphlets and journals were used in the library.

Mrs. Christel Waugh replaced Mrs. Diana Mittermuller as Clerk-Typist in January.

The library received assistance from many libraries and organizations throughout the year and we take this opportunity in expressing our sincere appreciation.

## REPORT OF DIRECTOR OF LIBRARIES

The Honourable Donald W. Craik,  
Minister i/c Public Libraries Act.

Sir:

Pursuant to the Public Libraries Act, R.S.M. Cap.212,  
I present the report of the Director of Libraries for the  
calendar year 1968.

### Library openings

Assiniboia Public Library, June 1, 1968 - new building.  
Neepawa Public Library, branch of Western Manitoba Regional  
Library.

### Services to Libraries

Since 1957 the Regional Library Division of the Provincial  
Library has selected, ordered, catalogued and classified books for  
rural regional libraries. Sets of catalogue cards are distributed  
to the libraries for books ordered, and for gifts.

The number of these libraries has increased to 12. The  
staff also maintains a book rotation system. There are two

rotation systems; one has 7 libraries participating, and the other 3. In addition to this English rotation, three libraries are exchanging French books.

A union catalogue of all books in these 12 libraries is held and maintained in the Provincial Library.

A total of 11,830 books were ordered; 3,560 English and 220 French books catalogued and classified, with 48,499 catalogue cards distributed.

### Staff

Miss Lucille Roussin, a graduate of the School of Library Science, University of British Columbia, joined our staff in July, 1968. Her pre-library school experience was gained on the staff of the Evergreen Regional Library with headquarters at Gimli. She was the person in charge during the establishment period and for a year thereafter. Subsequently she was employed by the St. Vital Public Library in the children's department. Miss Roussin takes charge, now, of the children's work within the Regional Library Division of our library.

### General

There were six promotional public meetings held in Altona, Carsdale, Dauphin, Oak River, Steinbach and Minnedosa, with supervisory visits to the following library systems - Western Manitoba, Morden-Winkler, Transcona, Evergreen, Russell and District, North-West, Ste. Rose, Virden-Elkhorn. When the Minister was in Churchill in November he took the opportunity of speaking to the officials there concerning a library at Churchill.

The board and the library staff of the Russell and District Regional Library were hosts to the Manitoba Library Association at the annual meeting held during the first weekend in June.

The Midland Book Centre opened for business in the summer of 1968. We find that orders sent to this firm are processed as quickly as by jobbers elsewhere in Canada, and wish the organization every success.

As this is the first report to you, Sir, we wish to welcome you as our Minister, and hope that you may soon meet with the members of the various public library boards. To the Honourable Stewart E. McLean, Q.C., who has been our Minister for the past ten years, we say thank you for the interest you have taken in public libraries, municipal and regional, throughout the province, and wish you success in your new portfolio as Minister of Transportation.

Public Library Advisory Board

The Board is composed of the following members:

Mr. L. A. Grinnell, Killarney, chairman  
Miss S. Stefansson, Gimli  
Mrs. Elizabeth Grant, Otterburne  
Mrs. T. P. J. Chester, Charleswood  
Mrs. Ruth McIntock, Fort Garry  
Mr. David Wilder, representative of the Senate of the University  
of Manitoba  
ex-officio: Mr. G. M. Davies, Associate Deputy Minister, Department  
of Youth and Education  
Miss Marjorie Morley, Provincial Librarian, secretary.

Mrs. S. M. McRory, The Pas, resigned, and a replacement  
will be forthcoming.

There was a meeting of the Board on April 19, 1968, at the  
Manitoba Institute of Technology. Mr. Alex Berg, Principal of the  
Manitoba Institute of Applied Arts, attended and was host at a  
luncheon for the members, prior to the meeting.

Respectfully submitted,

*Marjorie Morley*

Director of Libraries.
